INSTRUCTION MANUAL

Warnings and Precautions

TO PREVENT FIRE OR SHOCK HAZARDS, DO NOT EXPOSE THIS UNIT TO RAIN OR MOISTURE.

This symbol, located on back or bottom of the unit, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

This symbol, located on back or bottom of the unit, is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Any use of the controls or an adjustment to the procedures other than those specified herein may result in hazardous radiation.

CAUTION: TO PREVENT ELECTRIC SHOCK, MATCH WIDE BLADE OF PLUG TO WIDE SLOT, FULLY INSERT.

To reduce the risk of electric shock, do not remove cover (or back). There are no user-serviceable parts inside. Please refer any servicing to qualified service personnel.
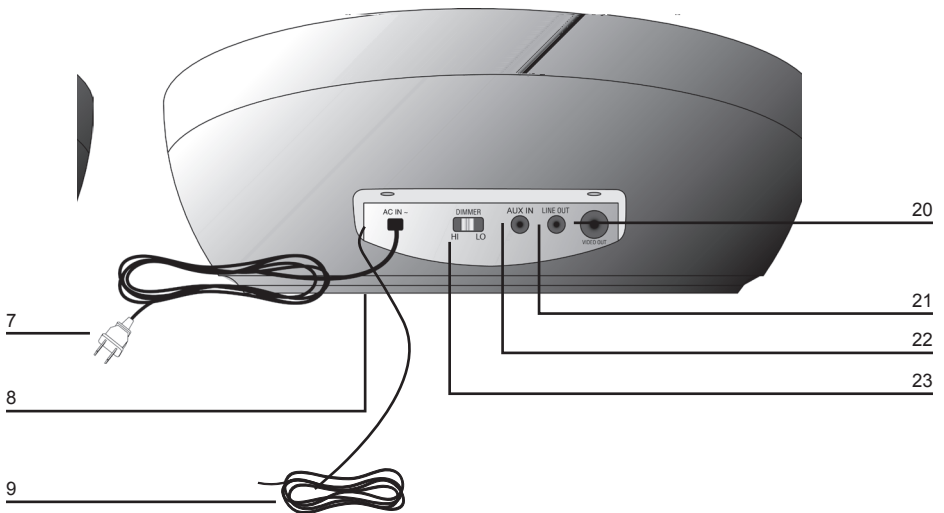

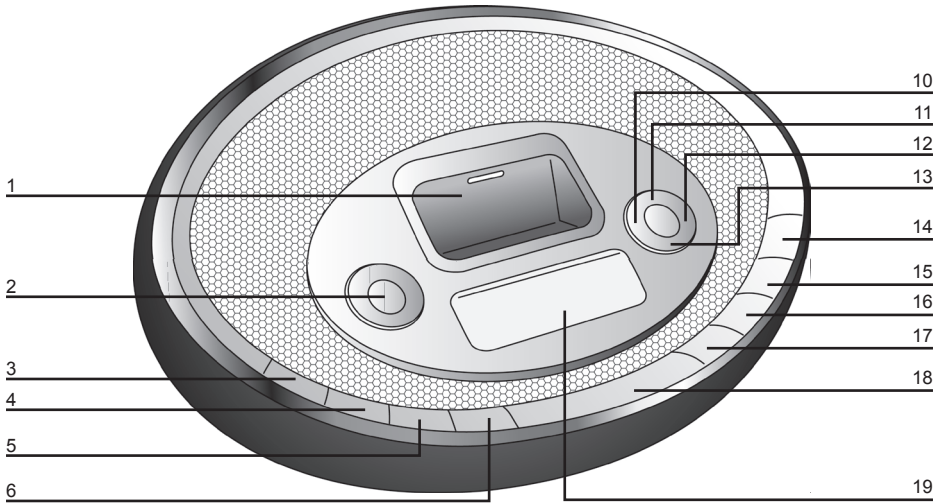

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

Features Defined

1 **iPod** Docking Station Connect your iPod, iPod mini, or iPod nano.

2 **VOLUME** Press the up arrow to increase the volume, and the down arrow to decrease volume.

3 **POWER** Press the POWER button to turn the radio off or on.

4 **BAND** Press the BAND button to switch between AM or FM radio stations.

5 **FUNCTION** Press the FUNCTION button to switch between radio and line-in control.

6 **EQ** Press the EQ button to switch equalizer modes between Classical, Jazz, Rock, and Pop.

7 **AC Cord** (120V / 60 Hz) The attached AC (Alternating Current) Cord provides power to the player.

8 **Battery Back-Up** (2 - AAA Batteries) The Battery Back-Up will save the clock and alarm settings in case of a power outage. The display will not be active without AC Power. (batteries not included)

9 **FM Antenna** The FM Wire Antenna provides flexibility and range when adjusting the FM reception. An AM Antenna is built into the player.

10 **Prev/Search** Press the Prev/Search button to decrease the radio frequency, or to decrease the clock time when adjusting the clock.

11 **IPOD** Press the IPOD button to power on an iPod and enable control through the player.

12 **Next/Search** Press the Next/Search button to increase the radio frequency, or to increase the clock time when adjusting the clock.

13 **PLAY/PAUSE/M-UP** Press the PLAY/PAUSE/M-UP button to play or pause an iPod, or to cycle up through the preset radio stations.

14 **DISPLAY** In radio mode press the display button to switch between viewing the time or the radio frequency.

15 **ALM 2** Use the ALM 2 button to view and adjust the alarm 2 time, and to set alarm 2 to buzzer, radio, or iPod.

16 **ALM 1** Use the ALM 1 button to view and adjust the alarm 1 time, and to set alarm 1 to buzzer, radio, or iPod.

17 **MEM/CLK SET** Press the MEM/CLK SET button to program a radio station into the presets, or to adjust the clock.

18 **SNOOZE / Sleep** Press the SNOOZE button to delay the alarm for five minutes after the alarm sounds. Press the Sleep button to set the player to turn off after 10 - 90 minutes.

19 **LCD Display** View the Time, AM Indicator, iPod Indicator, and Radio Frequency through this Liquid Crystal Display.

20 **Video Out** Plug the yellow connector of an AV Cord in the Video Output to send a video signal from a Video iPod to a source (TV) with a Video Input.

21 **AUX-Out** Use the Line-Out jack to connect the player to external speakers.

22 **Line-In** Use the line-in jack to connect an iPod shuffle or other audio device to the player.

23 **DIMMER** Toggle the DIMMER switch between HI and LO to adjust the brightness of the LCD Display.
